

OTTAWA-CARLETON
DISTRICT SCHOOL BOARD

Full Day Kindergarten Early Learning

EXTENDED DAY PROGRAM

Consultation

TO: School Councils, Childcare Providers, Parents and the Public

As part of the implementation of Full Day Kindergarten, the Ottawa-Carleton District School Board (OCDSB) is offering Extended Day programming to children.

We want to hear your opinions, your thoughts, and your concerns so that together we can develop workable strategies to implement the Extended Day program. Two community evening presentations have been planned – we hope you will attend.

The first of the two information evenings is scheduled for **October 17, 2011**. This session will feature guest speakers including Dr. Charles Pascal. Dr. Pascal has been closely involved with the introduction of Full Day Kindergarten throughout the province. In addition, there will be an opportunity available to ask questions and raise concerns about how the Extended Day program will be delivered in our District.

The **October 27, 2011** presentation is all about you. We want to listen - this will be your opportunity to provide your input. In addition to that evening, you will be able to comment via email or letters.

We welcome your involvement and we encourage you to attend one or both of these evening presentations. Our goal is to create a sustainable program that benefits your children and your families.

Walter Piovesan, Associate Director
Mike Carson, Superintendent of Facilities
Steve Sliwa, Superintendent of Instruction
